

Or Noga Eylon

Senior Product Designer

052-466-2805 | ornoga92@gmail.com | [Portfolio](#) | [LinkedIn](#)

SUMMARY

Senior Product Designer with 6 years of experience owning the end-to-end design lifecycle — from discovery and UX research to high-fidelity UI and delivery — across multiple domains. Combines 5 years of team leadership with hands-on solo ownership of complex products. Skilled at translating ambiguous technical requirements into intuitive, business-aligned experiences. I actively use AI as a collaborative partner: accelerating research synthesis, pressure-testing decisions, and shipping higher-quality work faster.

WORK EXPERIENCE

Senior Product Designer | Reasonlabs 2025 – Current

- Solo Product Lead: Owned end-to-end design lifecycle, from discovery and research to high-fidelity UI and delivery.
- Strategic Partner: Defined user problems and product roadmaps in direct collaboration with Product Managers.
- Technical UX: Translated complex technical requirements into intuitive, engaging B2C user experiences.
- AI-Enhanced Workflow: Integrated AI tools into research, ideation, and prototyping to accelerate iteration.
- Dev Collaboration: Synced daily with FE/BE engineers to ensure feasibility and high-quality implementation.
- Design System: Built and maintained a scalable design system to ensure consistency and speed.

Team Lead & Senior Product Designer | Triolla 2019 – 2025

- Design Leadership: Managed and mentored a team of 4 designers while leading projects from discovery to delivery.
- End-to-End Design: Owned the design lifecycle: UX research, persona mapping, wireframing, and high-fidelity prototyping.
- Strategic Execution: Aligned business goals with user-centric design strategies through design thinking and agile methodologies.
- Cross-Industry Expertise: Delivered intuitive solutions across diverse sectors, adapting quickly to new business contexts.
- Collaboration: Partnered with PMs and developers to ensure design feasibility and quality implementation.

EDUCATION

Media Design, Practical Engineering Degree | Sapir College 2014 – 2017

UX Designer | Netcraft Academy 2021

EXPERTISE

- End-to-end product design · User-centered design · Cross-functional collaboration · AI-integrated workflows
- Complex system design · UX research · High-fidelity UI · Design systems · Prototyping & handoff
